DAILY MAILS.

Cloudland, N. C. Jan'y 27 1882

Mr. W^m Canby

My Dear Sir,-

It is now winter & then
comes spring & then, unless Nature
gets unusual, will follow Summer,
and Roan Mountain and the Rhododen-
drons &c, &c, &c, (particularly the &c'd)

Remembering the very cordial inter-
est taken by yourself and party
last spring, in Cloudland and Roania,
"the highest born baby" &c, - I want to

write you a brief family letter -
I address it to you but it is
intended for you all -

I will issue some new Cir-
culars in Feb'y and if Mr. Canby

would like to see his name in
print in connection therewith; - if
he would take upon himself the respon-
sibility of saying something complimen-
tary about Roan Mountain or Cloudland,
I would feel highly pleased and am sure
that, I, at least, would reap substantial
benefits

I wish you would all come
again & see us - I am going to
try during the coming summer to
make an impression - be a better
preparer, or will be, to feed people &
to wait upon them. I don't think we
shall ever "get to be" very stylish;
and if you meet any real fashion-
able people tell them to come & see
us with only two good flannel
suits - (navy blue preferred) - and
a gum coat and pair of rubber
boots. Tell the hungry to come

to the Land of the sky where the rivers
 are born" and where beef is only
 \$4 for 100th Eggs, 10¢ for doz. Chickens,
 12½ cts each, - butter 10¢ a lb -
 Honey 10¢ for lb - and Speck 10¢ for lb -
 only 12½ to 10¢ for lb. Notwithstanding
 nevertheless, we can't board the Hungry
 for less than \$30 for Month - (4 weeks) - Be-
 cause Why? - Because of the quantities
 that they will eat. - Tell them that
 are not hungry to come & we will
 give them an appetite. Tell the
 sick to come & we will try to give
them an appetite. Tell those who never
 saw flowers or mountain views to come
 and see some.

Will you please notify me, at
 an early day of any who will
 visit us -

Roanilā has been sick for
 sometime. She seems to suffer

from indigestion, she is teething &
has had a cold & we sometimes
fear some brain trouble. We hardly
expect to raise her.

I very greatly regret my inability
to send the plants to Mrs. Canby for which
she wrote & sent the \$2 - I returned the
\$2 ^{late} ~~early~~ in Oct & gave my excuse - I
hope she received them all and accepted
the last - we never heard from her -
I am again working in this city &
left the Mountain before Mrs. C's letter
came & returned only for a few days
to pack up.

Please write me at Chattanooga, Tenn.
and believe me

Very Truly Yours -

L. D. Seale
